## FIELD DAY – DECEMBER THE 9<sup>th</sup> & 10<sup>th</sup> 2017

A weekend camp out to finish off 2017, and the first field day of the 2018. A chance to sit around and review the great fish landed over the past 12 months.

With any luck the top water breamski's may play the game. The club has booked 3 powered sites as marked on the attached map. This should hold about 12 people or so.
